## Full Search Order Form

An example of the resources included in (but not limited to) the Full Search are: The American Genealogical Biographical Index (AGBI-and every name index to over 800 sources on our shelves and the Boston Transcript); county & local histories, biographies, published genealogies, Revolutionary War Pension Abstracts, and cemetery records (as applicable).

Each Full Search request is for one individual; however, should information for an additional relative appear on the same page, that information is included at no extra charge. For a \$30.00 fee submitted names are searched and photocopies are made of the pages on which they appear. Please keep in mind that the majority of the information we have at the library is in the United States and pre-1930. If you are looking for a later time period or international information our resources are more limited. Every effort is made to provide the data you request; however, there are times when despite everyone's best efforts no information is available. In those cases, the fee still stands and no refunds are given.

### Full Search Request (Please fill out as completely as possible. If more space is needed, write on back of form.)
